

WHO WE ARE

Cross Keys Capital is an independent investment bank dedicated to providing superior financial and strategic advisory services on the sale or partnership of established businesses in the middle market. **Our healthcare practice is a leader in the PPM mergers & acquisition space, representing top-quality private physician group practices across the country.** Our extensive experience and track record in advising physician practices with a hands-on high communication approach is unrivaled by any other middle-market investment banking firm – Cross Keys Capital has completed the sale or merger of over 75 independent physician practices and healthcare companies.

HEALTHCARE EXPERIENCE

We have a strong understanding of the economics and operations of independent physician practices, with experience advising on the sale of office-based, hospital, and ASC group practices. With a seasoned team of investment bankers and experienced healthcare services advisory professionals, Cross Keys understands the rapidly changing marketplace and the specific nuances that maximize sale value.
